Appreciation Letter

We would like to take this opportunity to express sincere thanks to **CORPORATE INTERIORS PVT LTD** for the tremendous efforts involved in completing the the project. Everyone's cooperation, dedication and willingness to work together to meet project's needs and address our concerns are very much appreciated. We realize the challenges that were faced, due to the pressures of a tight time line; working in an occupied building and working long hours during holidays and weekends in order to complete the project on schedule. We are well aware of the time, energy and attention to detail that this project demanded and it was reassuring to know that we could count on you to go the extra mile to accomplish a successful project and complete the punch list while limiting the impact to the building occupants. The premises have handed over to us on 29th Oct, 2015.

THANKS & WARM REGARDS
FOR LS CABLE & SYSTEM LTD.

Anindya Goswami
