ABOUT US

Corporate Interiors Private Limited was established in 2010 and has been a leading service provider in Building and interior designing. We believe in delivering all our projects on time without any compromise with quality. We can proudly say that today we have clients from multiple categories like Educational institutes, Playschools, Corporate offices, Manufacturing industry, Hospitals, Warehouses, Laboratories, and Hotels. Our journey during the last decade has brought us from a start-up to a technology-led private limited company with a Pan-India presence and have clients throughout the nation in tier 1, tier 2, and tier 3 cities. Our team of highly skilled professionals i.e., Civil Engineers, Interior Designers, Architects, Project Managers, Secretariat Staff, and more played an important part in our success throughout our journey.

It is important to remember that each educational institute/school has its own set of principles and ideologies that it stands for. We help our clients to create a unique personalities for their institutes. In this part of service, we need to bring the space to life with creativity. Another factor that is significant in this service is layout planning. It is important to observe the institute first and understand its functionality and plan the layout accordingly. We do apply visual elements significantly in the institutional interior design to create a captivating space among people. If we talk about the choice of furniture, then comfort is the main factor that we must take into consideration. We can help our clients source quality furniture at their institutes at the best rates without any hassle. Our clients have to worry about touching base with multiple vendors and negotiating all along. Our team of experts is highly dedicated to keeping the interior design of institutions consistent and uniform. We create a friendly and positive ambience while designing the institute as it is key to make the people comfortable and at ease.
